

PARENT NOTICE

FREE Child Safety Event

This Program Provides Parents with the FBI's NEWEST Technology.

Each child in attendance will receive:

- FBI Certified Biometric Palm Prints
- FBI Certified Biometric 10 Digit Fingerprints
- Full Color Digital Photograph of Your Child
- Digital Safety Profile which provides law enforcement vital information should your child ever go missing.

Don't Miss this FREE Opportunity!

When:

Saturday, Dec. 12, 2015

4:00-8:00 pm

Where:

The Arena at
Infinite Energy Center
6400 Sugarloaf Pkwy
Duluth, GA 30097

For More Information: Visit montlick.com/lifeprint or call 404.965.1860 ext 375

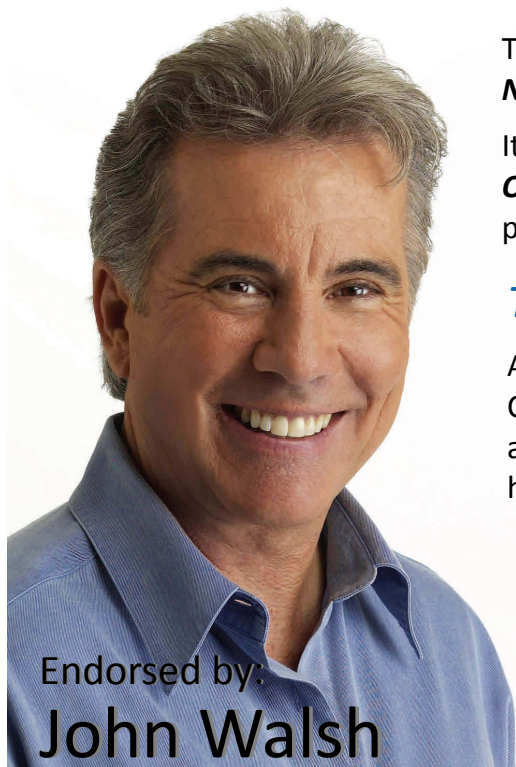

All New

The FBI developed a new \$1.2 billion dollar identification database called: **Next Generation Identification (NGI).**

Its purpose is to hold and process their newest technology - Palm Prints. **Over 40% of prints left at a scene are palm prints.** There are only a few places where parents can go to get their child's biometric palm prints.

There is NO Databasing

After each child goes through the line, parents are handed a Child Safety CD (which contains the Biometric Palm & Finger Prints, Digital Photo and Digital Safety Profile). The only records collected of your visit are handed to you to take home!
